Harmon C. McAllister, Ph.D.
Research Director
The Council for Tobacco Research U.S.A., Inc.
900 Third Avenue
New York, NY 10022

Dear Dr. McAllister:

I am writing to request the assistance of the Council for Tobacco Research in co-sponsoring the 3rd Annual Symposium of the Markey Cancer Center, entitled "Advances in Oncology: Applications in Patient Care", to be held October 12-13, 1990 at the Marriott Griffin Gate, Lexington. This Symposium will highlight multidisciplinary approaches to cancer treatment and will feature presentations by key clinical faculty of the University of Kentucky Medical Center. A preliminary list of internationally recognized leaders is being developed from which to choose a keynote speaker who will address recent advances in oncology in the context of both historical developments and their underlying biochemical rationale.

A copy of our most recent symposium, "Advances in Drug Development and Delivery", held at the Hyatt Regency on September 8-9, 1989, is enclosed. The format for the 1990 symposium will be very similar.

To help support this effort, we are requesting a small grant in the amount of $2,000. Your contribution will be acknowledged with our thanks in the final program. I will be happy to provide additional information on the development of this symposium as plans become more solidified.

For your information about more general aspects of the Markey Cancer Center, I have enclosed a copy of the 1989 annual report.

Your consideration of this request will be greatly appreciated.

Sincerely yours,

Lewis A. Kelly

Lewis A. Kelly, Ph.D.
